## Ways to Enjoy a Ball Game

- Bring a radio to listen to the tigers. (Music is too distracting to the players and *loud* music is prohibited by park rules.)
- Pack a comfortable chair, a cool drink, possibly a source of shade if you choose to sit on the bleachers (instead of the shade in the dugout), sunscreen, a mister bottle, but, hooray, you won't need any bug spray--there haven't been any!
- Know the rules of the game. (See the rules / guidelines document.)
- Take photos or videos, both posed and "action" shots.
- Use a score card to record player at-bat results and the runs. They are more fun than calculating a bowling sheet!
- Bring your kids for the playscape park.
- Hit the ice cream truck in between innings. It seems to be permanently parked by the Playscape.
